

habitat

New: Forma™

Organic, nature inspired elements designed to work as well together as they do on their own. Dynamic, challenging, sensory rich, and inclusive - these pieces harmonize with natural scenery, but entice kids to explore their unique play experience.

Forge™ Climber

Foxtrot™ Multi-Climber

Focal™ Sensory Wall

Folio™ Balance Climber

Fox Den™ Hangouts

New: Boardwalks

Habitat Systems offers Wickcraft Boardwalks, a cost effective, low maintenance, and nature-friendly solution for boardwalks. The frames are available in galvanized steel or corten steel for sensitive salmon habitats. Steel lasts up to 10x longer than wood, and individual decking panels can be replaced for easy maintenance.
